INTRODUCTION

Whomp 'Em is the story of Soaring Eagle, a young Indian Brave who ventures into the world seeking totems for his magic pouch. *Whomp 'Em* consists of eight worlds. The first world acquaints you with the game. The next six worlds may be traveled in any order. The final world is a secret!

GETTING STARTED

1. Place the *Whomp 'Em* cartridge into your NES and turn on the unit. 2. The title screen appears. When you're ready to begin playing, press **START**. 3. You will enter the first world of *Whomp 'Em*.

OBJECT OF THE GAME

The object of the game is to maneuver Soaring Eagle through each of the eight worlds, fighting off whatever creatures cross his path and collecting the valuable objects (magic items) that the creatures leave behind once they've been defeated.

Worlds

When you start the game, you will be placed in World 1 automatically. You must complete World 1 before you have access to Worlds 2 through 7. When you complete World 1, you can choose to enter any of the following six worlds: **Sacred Woods, Magic Forest, Water Test, Secret Cliff, Ice Ritual, and Fire Test.**

Press the Control Pad to highlight the world you want to explore on the map that appears after you finish World 1, and then press the **A** button to select the highlighted world. Only when you have completed the first seven worlds will you be able to select the final, secret world from the center of the map.

Totems

A totem (special weapon or power) is awarded when you complete each level. Below, you'll find a screen shot of each totem, its name, the world from which the totem comes, and a description of each totem's special power.

1. **SPEAR WHIRLWIND** (Sacred Woods): Repels attacks by enemies and breaks rocks.
2. **FIRE WAND** (Fire Test): Shoots a flame.
3. **CLOUD** (Ice Ritual): Allows Soaring Eagle to fly.
4. **ICE CRYSTAL** (Water Test): Freezes enemies.

5. **WEB** (Magic Forest): Allows Soaring Eagle to catch an enemy in a web.

6. **DART** (Secret Gull): Allows Soaring Eagle to shoot spear.

7. (?) **Unknown**: You will have to find out the power of this totem on your own!

1

Note: Some totems work better in a particular world and each totem allows Soaring Eagle of his force.

Magic Items

There are eight different magic items for Soaring Eagle to collect. Magic items appear when you destroy an enemy. To collect the item once it appears, simply maneuver Soaring Eagle so that he comes in contact with it.

- 8. **FLINT SPEAR HEAD:** Increases attack strength.
- 9. **BUFFALO HEADADDRESS:** Increases defensive power.
- 10. **DEERSKIN SHIRT:** Makes Soaring Eagle invincible.
- 11. **MAGIC POTION:** Extra life.

- 12. **SMALL HEART:** Heals one wound.
- 13. **LARGE HEART:** Heals all wounds.
- 14. **SPEAR:** Increases length of spear.
- 15. **GOURD:** Colled to increase amount of life Soaring Eagle can have.

TAKING CARE OF YOUR JALECO GAME

- This Jaleco Game Pak is a precision-crafted device with complex electronic circuitry. Avoid subjecting it to undue shock or extremes of temperature. Never attempt to open or dismantle the Game Pak.
- Do not touch the terminal leads or allow them to come into contact with water or the game circuitry will be damaged.
- Always make sure your NES Control Deck is SWITCHED OFF when inserting the Game Pak or removing it from the NES Control Deck.

WARNING: DO NOT USE WITH FRONT OR REAR PROJECTION TV

Do not use a front or rear projection television with your Nintendo Entertainment System® ("NES") and this video game. Your projection television screen may be permanently damaged if video games with stationary scenes or patterns are played on your projection television. Similar damage may occur if you place a video game on hold or pause. If you use your projection television with this video game, neither Jaleco U.S.A., Inc. nor Nintendo of America Inc. will be liable for any damage. This situation is not caused by a defect in the NES or this game; other fixed or repetitive images may cause similar damage to a projection television. Please contact your TV manufacturer for further information.

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: How to Identify and Resolve Radio/TV Interference Problems. This booklet is available from the U. S. Government Printing Office, Washington, DC 20402. Stock No. 004-000-00345-4.
